Area of Consideration

NATIONWIDE. All applications will be accepted; however, first consideration will be given to Group A and/or Group B.

Summary

This position is located in one of two major divisions within the Logistics Directorate (Maintenance Group) of an Air National Guard Flying Wing. Its purpose is to provide overall direction and coordination of subordinate work activities within one of three major work functions (Aircraft Generation Division, and the Equipment Maintenance and the Component Repair Branches of the Aircraft Maintenance Division). All three work functions are organized with a number of subordinate supervisors due to the scope, volume, and complexity of operations. The work involves the total maintenance of complex, high performance military aircraft, ranging from multi-purpose heavy, multi-engine transports to the most modern sophisticated fighters and bombers. All aircraft are fully integrated in and are part of the Total Force Mission of the United States Air Force. Occupations supervised are somewhat similar, in that they all involve maintenance of assigned aircraft to ensure combat readiness; they are dissimilar in their organizational location, as well as the functional areas, occupational series, and the diversity and complexity of systems for which each function is responsible. Manages maintenance activities engaged in planning, inspecting, repairing, and servicing fighter/remotely piloted aircraft (RPA) and support equipment (SE).
