

State of California, Military Department
State Active Duty (SAD)
Vacancy Announcement
1 Position Available

Position Details

Announcement Number: SAD VA 2024-059
Opening Date: 30 July 2024
Closing Date: 13 August 2024
Position Title: Engineering Assistant (SAD E-7)
Duty Location: 146th AW/CES, Channel Islands ANGCS
Selecting Official: Base Civil Engineer, 146th AW/CES
Projected Employment Date: 15 August 2024

Vacancy Announcement Details

The California Military Department is accepting applications for the State Active-Duty position indicated above. **Current SAD employees will have priority for hire.** An appointment to this position provides full benefit status for the appointee and their beneficiaries. The incumbent will be appointed on annually renewable State Active-Duty orders through year six, at which time the incumbent may be eligible for career status IAW CMD Reg 600-1, dated 21 April 2020. Continuation and subsequent extensions of service will be determined by the individual's performance of duty and continuation of funding. **The Service Member selected for this position will be paid at their federal or California State Guard pay grade, not to exceed E-7.** This announcement has minimum requirements. Failure to meet these requirements will cause your application to be rejected from consideration. While it is important for you to read the entire announcement closely, please pay particular attention to the instructions at the end of this announcement for documents required to submit a complete application. **Applications missing signatures and required documents will not be considered.** The Service Member selected for this position may be eligible for health, dental, vision and life insurance benefits. Other benefits may also be available to those who qualify such as Service Member Assistance Programs, Group Legal Services, Long-Term Disability Insurance, Long-Term Care Insurance, Retirement Annuity, Supplemental Investment, and the Military Service Buy Back Program. **Reimbursement for moving and relocation expenses will not be paid.**

Eligibility Requirements

- Active members of the California Military Department (Air) in the grades **E-6 through E-8** may apply. Applicants must have a military affiliation per Para 3-2 of CMD Reg. 600-1.
- Strong analytical, troubleshooting, problem solving, computer skills, and communication skills.
- Highly organized and capable of overseeing all aspects of base projects, maps, and plans.
- Must have experience and be proficient in CADD, and Arc GIS.
- Work with engineers and technicians in developing engineering graphic presentations, project documentation, and facility/real property records; draft neat, accurate, and legible drawings; interpret and plot from detailed engineering sketches; read and write English.
- Knowledge is mandatory of computer operations, software applications, and mathematics: including algebra, geometry, and trigonometry.

- Completion of high school or general educational development equivalency, with courses in algebra, geometry, and trigonometry.
- Completion of high school or college courses in drafting, physics, and chemistry is desirable.
- Must be eligible for EPC/GOEPC Consideration.
- Completion of military and civilian education requirements commensurate with the grade of the applicant are required.
- Military assignments appropriate to the grade of the applicant are required.
- Required to meet height/weight and physical fitness standards prescribed by their military branch of membership.
- Applicants must meet, and maintain, federally recognized medical fitness standards or CSG equivalent.
- Appropriate military uniform with federally recognized, or CSG recognized, rank will be worn in accordance with military regulation.
- Must be able to pass State and Federal background checks (Live Scan), and California Military Department status verification. Continuation of employment is contingent upon maintaining favorable background checks.
- Must possess a valid state driver's license.

Primary Duties and Responsibilities

Incumbent performs under the immediate supervision of the Deputy Base Civil Engineer, who makes initial assignments, provides priorities, training, advice, and assistance on new tasks and requirements. Development of drawings, maps, plans, and other documentation required for design/construction projects and facility/real property/capitalization records.

- Responsible for the development of complex construction and site development of plans and specifications. Manages projects for progress, budget, records, and timely completion. Prepare cost estimates, performance work statements, scopes of work, and specifications for existing and proposed facilities. Act as a liaison between design, review, construction, and using agencies.
- Performs drafting duties. Interpret rough engineering sketches to produce working drawings using manual and CAD techniques. Produce architectural, structural, civil, mechanical, electrical, and topographic drawings. Update Base Comprehensive Plans (BCP) and maintain record drawings. Plot and reproduce drawings, utilizing large format plotter and laminator. Trouble-shoot large format plotter and laminator as needed and change paper rolls/ laminate rolls and ink. Inventory plotter and laminator supplies and work with material control to order more as needed.
- Participates in the selection of consultants and A&E firms. Performs technical review of consultant's designs and/or specifications. Recommend approval or disapproval of designs and construction pay applications.
- Conduct facility surveys and audits to identify operation and maintenance measures. Report and record facility survey findings. Conduct reconnaissance, site location, construction, and mapping surveys while operating manual and electronic surveying equipment. Collect, convert, and present field survey data for civil engineering projects. Maintain equipment.
- Assists with SMS Builder inspections and updates system for accuracy when a project has been completed.
- Designs and produces complete technical plans for repair and new construction of airfields, roadways, parking ramps, structures, buildings, and electrical, gas, water, and sewage utility systems. Retrieve engineering data from computer files and paper files. Maintain all as-built files, both CAD and paper. Maintain all historical drawing files, both CAD and paper.

- Prepares graphs, charts, and diagrams for briefings, master planning, real property accounting, and departmental use. Performs contract estimating for Fi\$Cal expenditures and related correspondences.
- Performs GIS duties. Link computerized maps to databases displaying detailed information via the web. Create geographic coverages. Develop database structures. Create and populate feature codes. Link graphical data to relational databases. Develop query routines for end-user applications.
- Oversees and assists with commercial contractors and engineering firms as a Contracting Officer Representative. Assists with originating contract specifications. Coordinates with all subject matter experts at the location and ensures that bid packages are properly signed off before reaching the Contracting Officer. Ensures that commercial contractors are following and adhering to the scope of work.

Instructions for Submitting Applications
